

KU UNDERGRADUATE BIOLOGY
ANNOUNCES A CALL FOR APPLICATIONS FOR THE

IDA H. HYDE SCHOLARSHIP

**FOR WOMEN IN
SCIENCE TO STUDY IN
A NON-KU RESEARCH
LABORATORY**

The **Ida H. Hyde Research Scholarship** fund provides an annual award (\$500 to \$3,000) to an advanced (upper-class or graduate) woman student in biology to provide an opportunity “to study in the **Marine Biological Laboratory in Woods Hole, or any other marine laboratory, or any biological, chemical or physical research laboratory, offering environment and advantages different from those found in the University of Kansas**”

Applicants must submit: 1) a letter written by the applicant outlining past accomplishments, a brief description of the research objectives, the study location, and a description of the benefits to be derived from the opportunity to study elsewhere, 2) one letter of recommendation with attached waiver, and 3) an ARTS form. Applications **MUST** include the 1-page “Application Form for Awards & Scholarships” (see back of this announcement). (Waivers and application forms are available in 2045 Haworth and at www.kuub.ku.edu.)

Please submit application materials and address questions to Pam McElroy, Undergraduate Biology, 2045 Haworth Hall, 864-5885 (pmcelroy@ku.edu). Questions may also be addressed to Yoshiaki Azuma, Awards Committee, 3037 Haworth, 864-7540, (azumay@ku.edu).

Deadline for Receipt of All Application Materials: 5:00 pm, Friday, October 16, 2009.
